

This year has been difficult for all of us due to Covid-19, and we at Reclam The Bay (RCTB) are no different. Most of our work, including all our educational efforts, is funded through donations. Educational sessions, selling RCTB gear and raffle ticket sales at various fairs, festivals and shows, including Chowderfest, is how we do most of our fundraising. **We are far behind where we need to be this year with so much being cancelled. Can you help us?** There are many ways to donate:

- at our website – reclamthebay.org
- by texting RCTB to 44321 on your mobile device
- **but a fun and easy way is to purchase tickets for our annual raffle**

Please email info@reclamthebay.org if you can help. We will make arrangements to get you tickets through our members on LBI.

Raffle 1

and bag – 2 winners

Raffle 2
50/50 Cash Raffle with a
maximum prize of \$5,000!

Tickets are only \$5 each

Drawings held October 4, 2020

Unfortunately, New Jersey doesn't allow online raffle sales.

Please email info@reclamthebay.org if you can help. We will make arrangements to get you tickets.

ReClam the Bay (RCTB) is a local 501(c)3 charitable organization, operating primarily in the Barnegat Bay estuary. We provide education about the Barnegat Bay watershed (which includes Barnegat Bay, Manahawkin Bay and Little Egg Harbor Bay) – how to conserve and improve it through shellfish-related, sustainable and resilient stewardship projects.

The mission of RCTB is to improve the condition of the estuary. We accomplish this by involving and educating the public about the estuary's water quality and the importance of shellfish. We explain the human impact and what each of us can do in our daily lives to minimize the negative consequences of our actions on water quality. We do this by:

[Raising Happy Shellfish...](#)

[Stabilizing Shorelines...](#) and most importantly,

[Educating the Public](#) with the goal of fostering stewardship so that the future of this precious natural resource will be secure for the next generation and beyond.
